MINERS STRIKE.

NEGRO MINERS LEAVING THE STOCKADES.

A BIG DEMONSTRATION.

The Strikers Taking Care of the Negroes Who Quit Work—Fear Poisoned Water.

Special to the DEMOCRAT:

WEIR CITY, Kans., July 26.—There are 150 negroes at work in Keith and Perry shaft No. 6, and the others will work to-morrow. Fourteen of the blacks left the stockades last night and twenty more this afternoon. They were gladly received by the strikers. A meeting was held this morning at the school house and the negroes made speeches declaring that they had been brought here against their will. This John Perry, who is here, denies.

The company has laid a line of pipe connecting with the Weir City water works as it has been rumored that the strikers would poison the water.

Perry says another shipment of negroes will arrive here by the end of the week.

The strikers relief committee is arranging to have houses ready for the negroes who leave the stockades.

All the miners will parade at 4 o'clock and will pass the Keith & Perry shafts with the escaped negroes in the lead carrying banners inviting the others to leave the works.

Demonstration at Pittsburg.

PITTSBURG, KAN., July 26.—About 3 o'clock yesterday afternoon a crowd of about 400 strikers, including women and children, headed by a band marched up and down outside of the inclosure but made no attempt to break through. Fifty deputy sheriffs and half that number of negroes were armed with Winchester and if any act of violence had been committed a terrible battle would have ensued. The strikers finally marched away and no further trouble is anticipated.

A late dispatch states that a deputy United States marshal served a notice on President Walters at Rich Hill last night to appear before Judge Foster in Chicago on Thursday to show cause for contempt of court in violating the restraining order served on him July 22. If he can not give a good reason for his actions and speech at Weir the other night, he will undoubtedly be committed to jail.

Sleeping on Their Arms.

LAWRENCE, KAN., July 26.—The Usher guards are camped to-night in the armory awaiting orders which up to 10 p. m. had not arrived, to proceed to Weir City. Brigadier General Sears said that they expected to be called out, as Adjutant General Artz was certain that there would be serious trouble. It is the intention of Governor Lewelling to prevent rioting, and everyone in the district of the strike found with arms and not having a legal right to carry arms will be arrested and disarmed. The negroes within the stockades, and the mine owners as the strikers, will be compelled to obey this order.

A Striker Bound Over for Assault.

GIRARD, Kan., July 26.—George Bonsfield, one of the striking miners of this section, to-day had his preliminary hearing in a justice's court on a charge of having committed an assault with intent to kill upon Charles Moast, one of the strip miners. He was bound over to the district court which meets in November, and gave bond in the sum of \$500. He was defended by Noah Allen, ex-assistant attorney general.

Belgian Strikers.

KANSAS CITY, Mo., July 26.—Richard H. Keith, of the Keith and Perry coal company, stated last night that the Belgian miners who struck at Rich Hill without cause will not be taken back by the company. They were working under an unexpired contract and struck out of sympathy with the Kansas miners.

A Train Delayed By Grasshoppers.

ATCHISON, July 26.—The farmers in Missouri opposite Atchison are becoming alarmed over the appearance of grasshoppers. The cow-

catcher of a Rock Island train which arrived here yesterday was covered with them. The train was delayed a few minutes by the pests getting on the drive wheels and causing them to slip. The unusual number has caused some to predict another grasshopper year, but this is not probable if they are of the native variety.

ASSESSMENT FIGURES.

Valuation Placed Upon Railroad, Bridge and Telegraph Property by the State.

JEFFERSON CITY, Mo., July 26.—State Auditor Seibert has just finished the tabulation and apportionment of the valuation of railroad, bridge and telegraph property of the state, as fixed by the state board of equalization. On June 1, 1892, which date furnishes the basis of the assessment made, there were in the state 6,167,341 miles of railroads in operation and subject to taxation. The value of the properties assessed by the board is, by classes, as follows: Railroad property, \$68,023,417.19; bridges, \$2,450,000; telegraphs, \$923,510.90.

This represents \$1,511,870.11 increase over the last assessment, a comparatively slight matter, made necessary by the state's necessities.

A HUMAN FIEND.

A PITTSBURG MAN MURDERS HIS FAMILY.

SET FIRE TO THE HOUSE.

The Crime Discovered and the Brutal Murderer Arrested Before He Had Time to Escape.

PITTSBURG, Pa., July 26.—One of the most fiendish murders ever committed in this city was brought to light this morning and the perpetrator landed behind the bars before he had time to escape.

During the early morning hours, before the family had arisen, John Souze approached the bed where his wife lay and struck her a terrible blow on the head, killing her instantly.

He then went to the bed where his two children were sleeping and choked them to death, and, hoping to hide all evidence of his crime, he then set fire to the family residence.

The flames, however attracted the attention of neighbors sooner than the murderer had expected, and they rushed in to extinguish the fire and saw the terrible evidences of the crime that had just been committed.

Souze was at once arrested and will pay the penalty of his crime.

SNATCHED FROM THE GRAVE.

Miraculous Manner in Which Eleven Persons Were Saved From Death.

CHATTANOOGA, TENN., July 25.—The board of health reports to the Times of this city through City Physician Holland that each of the eleven third-stage consumptives placed under treatment obtained from Dr. Amick of Cincinnati by the city authorities several weeks ago have improved to a degree almost miraculous.

The results as given to the press by Ward's Island hospital, New York, while equally sensational, were not so comprehensive, and local medical men claim that this is the most complete demonstration that consumption is curable thus far made. The Times says the eleven patients to whom were administered Dr. Amick's medicines are so far improved that their appetites have returned. They sleep well at night and have no night sweats, the irritating cough has disappeared and they feel much stronger in every way.

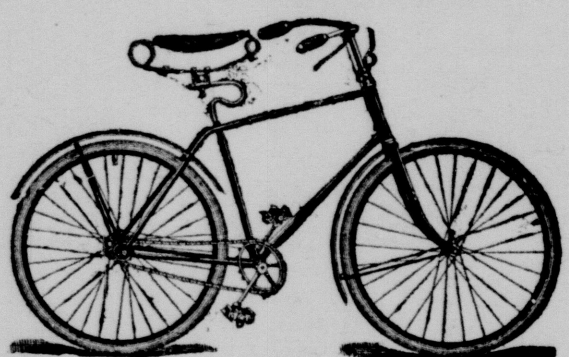

Local physicians report similar results in private practice from medicines furnished them by Cincinnati doctors, and all apparently agree that it is the most important discovery medical science has yet brought to light.

For Sale or Trade.

A complete list of city property. Terms to suit. Farms in sizes and quality to suit. Property of all kinds for exchange.

Threshing machine and engine to sell or trade at once. Some good farms for rent. Write or call on MORRIS & WEST. 214 Ohio street.

Investments.

A MISSOURIAN'S MISERY.

He Was Seeking an Erring Wife When He Dropped Dead in a Saloon.

LOS ANGELES, Cal., July 26.—Michael O'Neil, of Fairplay, Mo., late postmaster at that place, dropped dead last night in a saloon at Rondono, near this place.

O'Neil married a few years ago his second wife, a handsome young woman, daughter of a farmer living near Fairplay. They had been married about a year when rumors reached the husband's ears of an intimacy between his wife and a young mechanic. He refused to credit them, but three weeks ago his wife and her paramour disappeared.

Taking his 12-year-old daughter with him, for there was no one to take care of her, he went in search of his wife. He traced her to St. Joseph, thence to Kansas City, where he ascertained the pair had purchased tickets for Los Angeles. He came here and has been in the city some days making a thorough search, but was unable to gain any trace of them. Despairing, he gave himself up to intoxicants.

A day or two ago he learned of his wife's stepping place here, and tracing her, found she had gone to Rodondo. He went there, found she had gone to Catalina Island, and while waiting for her to return he wandered into a saloon and ordered a drink of whiskey. While waiting for it he dropped dead. His child was by his side at the time, and implored the barkeeper to give him no more whiskey. O'Neil was well known politically throughout Missouri.

Cholera in Italy.

WASHINGTON, July 26.—The Marine hospital officials report positive information that cholera is raging in Italy and that the Italian government is trying to suppress information concerning the epidemic.

For Rent.

About July 20, house nine rooms, No. 601 West Fifth street. J. D. BROWN.

THIS IS CHOLERA YEAR.

In order to prevent CHOLERA and to keep the system clear from MALARIA use Wood's Celebrated Cathartic Pills. These pills are also an excellent remedy for sallow complexion, skin diseases. Nothing can excel them for a blood purifier. These pills have a world-wide reputation for Indigestion, Sick Headache, pain in the head, side or back and Liver Complaint. Try one box and you will be convinced. Over 300,000 boxes are now being sold annually.

Wood's Magic Oil or King of Pain.

An external and internal remedy, has no equal for the cure of Cholera, Cramps, Diarrhoea, Sprains, Bruises, etc. These remedies should be kept constantly on hand and used liberally when symptoms of the above diseases make their appearance.

These remedies can be purchased at the Opera House Drugstore and at most all first-class drugstores.

THE UNEMPLOYED.

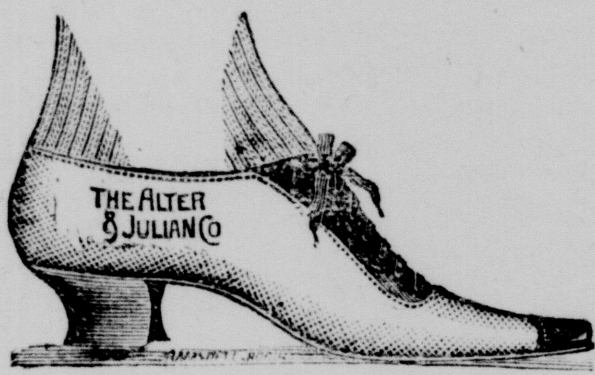

THE TERRIBLE SPECTACLE IN COLORADO.

GREAT INDUSTRIES DEAD.

Honest Workmen Made Objects of Charity by the Effects of the War on Silver.

DENVER, Colo., July 26.—Up to date 3,700 men have registered as out of employment, and the list is steadily increasing. Means are being taken to furnish employment and provide food for the hungry and destitute. Dean Peck and Rev. Thomas Uzzell, who have been foremost in this work, announce that on account of the scarcity of relief funds they cannot continue to feed the hungry longer than to-morrow. Meetings are held nightly to provide means for aid, in which Denver's most prominent people take part. It is estimated that 15,000 men, women and children are in need of immediate aid.

GREAT CROWDS ATTEND Wm. Courtney's

Clearance - Sale!

Food is being distributed at the various missions.

Public soup houses will be established and every means taken to prevent suffering. A proposition to secure cheap railway rates and ship the destitute east was bitterly opposed by ex-Congressman Belford, and was finally abandoned. The city will at once commence public improvements in order that the unemployed may secure work.

A Hungry Army Fed.

BOONE, Io., July 26.—Boone had a visit from 150 Colorado miners yesterday on their way east. They captured the Chicago and Northwestern fast freight at Council Bluffs and took possession. The railroad company made no effort to eject them, but carried them on. The city authorities were

notified that the men were coming, and further that they were hungry, having had nothing to eat since the day before. Arrangements were promptly made to give them a meal, and when they arrived, about 1 o'clock, they were fed on the ground east of the round house. The city authorities had ordered 100 loaves of bread, 100 pounds of bologna sausage, 40 pounds of cheese and 50 gallons of coffee. The men were nearly famished. They were an orderly set and took the first train out, the railroad company permitting them to ride.

THE DEMOCRAT,
Sedalia, Mo.

OFFICE: 307 Ohio St. Telephone 232.

Official Paper of the City of Sedalia.

GOVERNOR STONE is the same kind of democrat he was last year. Its a good kind, too.

THE dollar in this country is a silver coin and there is no reason why it should not be freely coined.

THE money that went into hiding a few weeks ago is coming out now and is finding most profitable investment. The time to invest to the best advantage is when money is scarce.

GOVERNOR STONE's speech at Kansas City is in perfect accord with the utterances, the promises, the pledges made by the democracy last fall. If any democrat finds himself out of tune with that speech, it is he, and not the governor, who has changed.

THE forage crop in Europe is almost a failure this year and there will be a big demand for hay and corn to supply the shortage. Then the wheat crop is by no means up to the average and there will be an active demand for our wheat. In view of these facts it is hard to account for the low price of wheat at this time. It is unnatural and cannot continue.

THE reports of renewed outbreaks of cholera in Europe should cause the most rigid inspection of all passengers and merchandise coming to this country. Too much care cannot be taken. This should be supplemented by the most rigid enforcement of sanitary regulations in this country. Modern science has discovered the source of the disease and the cause of its spread and it is the duty of an intelligent people to use the knowledge they have in preventing the prevalence of the disease.

SEDALIA is promised some interesting railroad news in the near future, which will at once put an end to the cry of hard times and give a new impetus to business of all kinds. The commencement of active work on the north and south road at this time would be of incalculable benefit to the section through which the proposed road will run, and capital that is unemployed elsewhere will rush in for investment. The DEMOCRAT does not know if the citizens will be asked to assist in the enterprise, but certainly no sacrifice is too great to be made if only active work can be begun at once.

THE democratic national platform is the positive instructions which the American people gave congress and the president when they elected them, and when either or any of them feel that they must abandon that platform decency and honesty demands that he or they resign. For an administration pledged to bimetalism to force the country to a single gold basis is not only an abandonment of principle but a positive outrage upon a free and intelligent people, and in effect robs of his voice in the decision of public questions every man who voted the democratic ticket.

THERE was a very short-lived strike among the miners at Bedford, Missouri, the other day. The trouble was over in a few hours and the men went to work. The Missouri miners would be very foolish to give up their employment out of sympathy for the Kansas strikers. It would be simply to put themselves in the condition of the Kansas un-

fortunates without helping them at all. They had better go ahead and work for the men with whom they have no dispute and show their sympathy by sending food and clothing to the wives and children of the Kansas sufferers. That would be practical sympathy.

WHEN it is remembered that Secretary Foster, Governor McKinley and Treasurer Huston have all failed in business while the laws they framed and helped to put in force are still in existence, it must be concluded that there is something radically wrong in the republican financial policy. The properties owned by these gentlemen were forced down to a gold basis at a time when gold itself was abnormally scarce, and the shrinkage has ruined them. Having found their own laws and policies ruinous, would it not be the part of wisdom for them to join the democracy and help secure more favorable laws and wiser policies?

MR. THOMPSON, a brick expert and agent for a firm engaged in manufacturing brick-making machinery, will meet all citizens who are interested in brick making in Sedalia at the Commercial club rooms this evening at 8 o'clock for consultation. He says Sedalia has as good clay for brick making as can be found in the United States and the process he uses, he claims, is a pronounced success. The DEMOCRAT understands that Mr. Thompson proposes to put in the necessary plant if local capitalists will put up the working capital, or he will take half the stock in a \$20,000 company. By all means Sedalia should make brick enough to supply the local demand and our business men should hear Mr. Thompson's proposition and give it careful consideration.

IT should be remembered that most of the bank wrecks that have occurred in this country have been suspensions and not failures. These suspensions were not caused by bad investments, but were the result of the action of panicky depositors in demanding of the banks money that had been loaned to carry on legitimate business enterprises. The banks, besieged by these timid depositors, were compelled to call in their loans as rapidly as possible, and when they found it impossible to collect outstanding debts or to realize on perfectly good paper, they were forced to close their doors. It is the panicky depositor who has been most to blame for the monetary stringency, and the stocking-leg and the safe deposit vault have done more than the Sherman law to bring about business stagnation.

A COMMUNICATION to the state department from Consul General Mason, at Frankfort-on-the-Main, gives a gloomy view of the situation in Southern and Central Europe. The long continued and still unbroken drought has brought agricultural interests to the verge of ruin. Seeds planted early in April have either not sprouted or made a puny growth. Oat fields are dry and barren; rye has headed out prematurely, and owing to the failure of the hay crop peasants have been compelled to use much of it in a green state as food for stock; the wheat harvest promises to be the lightest for years. The streams are shrunken and the diminished volume of water insufficient to carry off the drainage and a cholera outbreak is threatened, so that to the misfortune of famine is almost certain to be added the horrors of a deadly epidemic.

THE school board yesterday afternoon selected as superintendent of the public schools of this city, Prof. G. V. Buchanan, of Carbondale, Illinois. The DEMOCRAT knows nothing of the gentleman's fitness for the position other than is indicated by his selection for the important position by the board. Among the applicants were many of the best known and most successful educators in the state, whose success in the public school work in Missouri is evidence of their ability, and that Prof. Buchanan was chosen over the heads of such men as Hawkins, of Nevada, Spencer, of Marshall, Prentiss, of St. Louis, Culley, late of this city, and a host of others whose work has been done almost at our own doors, is a compliment of which he may well

feel proud. The DEMOCRAT bids him a cordial welcome to Sedalia and hopes he may find his life here both pleasant and profitable.

COCKRELL AND STEPHENS.

The Senator Says the Treasurer Hit the Nail Square on the Head in His Chicago Address.

Among the many letters of a congratulatory nature that State Treasurer Stephens received on his address before the recent bankers' convention at Chicago, says the Jefferson City Tribune, is the following from United States Senator F. M. Cockrell:

UNITED STATES SENATE, Washington City:—MY DEAR MR. STEPHENS: I have read in the Liberty Advance extracts from your article read at the Chicago convention about the panic—the first time I have seen that portion copied. You hit the nail square on the head and drove in. This is a regularly planned and preconcerted panic. I mean the causes. They did not intend to drive the people to lose confidence, withdraw deposits and hoard money, but they intended to go far enough to force a single gold standard. And when they got the movement under way, by refusing loans and calling in debts, it swept far beyond.

I thank you for your manly and bold exposure, and for your opposition to state bank system. Send me full copy of your article. Print it in pamphlets and send it all over the state. It will aid to restore confidence. Send me two copies.

Your friend,
F. M. COCKRELL.

Weary of Answering.

Councilman Hansberger and Paving Contractor Martin have grown weary of replying to the query, "When is work to be commenced on West Fifth street?" So disgusted are they in the premises that they now carry small placards beneath their coats on which is printed, "D—d if I know," and whenever anybody asks the question, which is generally several hundred times each day, the gentlemen unobtrusively, as it were, thus exposing in bold, black letters the significant words quoted.

Special Excursions to the World's Fair.

The Missouri Pacific railway has made arrangements for a cheap trip to the World's fair, and will run special excursions to Chicago at greatly reduced rates on the following dates: July 24th and 31st and August 7th. The advantages of this route are many, owing to the elegant through service and magnificent equipment. All particulars concerning rates, leaving time of trains, limit of tickets, etc., furnished by H. L. BERRY, Ticket Agent, Missouri Pacific.

Beating His Way.

E. Thompson, who started from Fredericksburg, Va., April 3d, to walk 3,650 miles in 365 days, has struck Hannibal and is now headed toward Sedalia, being en route to Texas over the "Katy." He is walking on a wager, and one of the conditions is that he must not accept a cent or ask for assistance of any kind. When he left Hannibal, yesterday, he was ninety-five miles ahead of time.

Postoffice Supply.

Stanley Coal Co. having secured the contract to furnish the Sedalia postoffice with hard coal, amounting to seventy tons, can supply the trade at less than any dealer in Sedalia. Now is the time to place your orders with them for hard or soft coal for the winter's use. Don't fail to call on them. Telephone 26.

No Complaint Up His Way.

"Every once in a while I read complaints in the newspapers about fast driving on East Fifth, West Third and West Seventh streets," said "Uncle Jack" Logan to a DEMOCRAT reporter, "but you never hear any complaint of that kind on West Fifth street. The fact is, it has been almost impossible to walk along the street for a month past, much less drive over it rapidly."

Headed for Sedalia.

Marshal Morrison informed us this morning, says the Warrensburg Star, that fifty tramps from Colorado, on their way east, were put off of a freight train in this neighborhood last night by Detective Frank Barnett. They were formerly employed in the silver mining districts of Colorado.

Died of Heart Disease.

Wm. Kaserman died at his home in Lincoln, Benton county, at 7 o'clock yesterday morning, of heart disease, aged about 60 years. He leaves a large family.

Will Sell To-Day.

The stock of drugs of W. E. Gold, who recently failed, will be offered for sale at public auction at the old stand at 4 o'clock this afternoon.

HAS DEFEATED MANY.

Some of the Men Put to Sleep By Lou Baptiste.

Lou Baptiste, who has been in the city for the past ten days, is still waiting to hear from some wrestler desirous of a match, as Mr. Baptiste is anxious to show his ability. In the meantime Mr. Baptiste is endeavoring to secure a room or rooms to start a class in physical culture and hygiene; he will also teach sparring, wrestling and gymnastic exercises. Prof. B. A. McFadden, who left Sunday night for Chicago, recommends Mr. Baptiste as a first-class man in his line.

Following are some of the noted men whom Baptiste has defeated: Reinholdt Schott, champion heavy weight of Madison, Wis.; Jas. Connors, of Buffalo, N. Y.; C. L. Harris, of Chicago; Jerry Driscoll, of Kenosha, Wis.; A. F. Kaster, of Chicago; Geo. Doyle, of Waukegan, Ill.; Mose McCrum, of Minneapolis, Minn.; Tom Cassidy, of Kansas City; Jas. Welch, of Racine, Wis.; Al Zimmerman in a handicap match, and a great many others.

Mr. Baptiste will solicit the patronage of all parties wishing to join his class.

Dissolution Notice.

The firm heretofore known as Brownfield, Wilson & Co. have dissolved partnership, by mutual consent, Brownfield and Wilson retiring, Fisher Elliott having purchased their interests; the firm name now being Halley & Elliott. All persons knowing themselves indebted to the old firm will please call promptly and settle their accounts by note or cash to the new firm who are duly authorized to collect same. Thanking all for past favors and hoping to merit your liberal patronage, we remain,

Yours to serve,

HALLEY & ELLIOTT,
808 East Third. Tel. 92.

A New Superintendent Chosen.

At a meeting of the school board, last evening, Prof. A. J. Smith presented his resignation as superintendent of the city schools, to take effect August 1st, and Prof. G. V. Buchanan, of Carbondale, Ill., was chosen to fill the vacancy.

For seven years past Prof. Buchanan has held the chair of mathematics in the Southern Illinois Normal University at Carbondale, and prior to that he was superintendent of schools at Salem and Mt. Carmel. He is a man of family, a member of the Methodist Episcopal church and aged about 36 years.

The "Cool" and His Girl.

Phil Whitner, colored, and his white sweetheart, Miss Alice Mitchell, have been heard of. The Warrensburg Star says: The horse and buggy taken from the livery stable were sent back yesterday afternoon by them in care of a boy named Fisher. He says they left the horse and buggy with him near Henrietta and hired him to bring it back to this place. So, instead of going north, as was at first supposed by the officers, they went south.

500 Men Wanted.

To have their watches repaired. Prices reasonable; all work guaranteed by
AUG. KAHRIS,
511 East Third.

A Deposit of \$4,000.

There is no feeling of uncertainty regarding the solvency of the banks of Sedalia, surely, or otherwise one of the city's shrewdest business men would not have passed \$4,000 over the counter of one of the banks yesterday in a single deposit.

Girl Wanted.

Aged about 15, to work in small family, 518 West Third street.

Who Is It For?

A postal card was received at the postoffice this morning from Blackburn, Mo., bearing the following address. "The Great Controversy Between Christ and Satan Publishing Co." Who wants the "keerd?"

Fun, Fun, Fun, Fun.

At Forest park. The R. and M. Minstrels Thursday and Saturday nights.

A Fine Rain.

A fine rain began falling at midnight last night and continued until 6 o'clock this morning. The parched earth swallowed the water up rapidly and much good will result in consequence.

Girl Wanted.

For general housework. Apply after Wednesday, July 26, at No. 600 West Fifth street.

Another Secret Order.

The preliminary steps have been taken looking to the organization in Sedalia of a tent of the Modern Woodmen of America. There are 1900 camps in existence, with a membership of 75,000, and \$2,150,000 has been paid its beneficiaries.

"Americanite" cigars are the best.

THE RAILROADS.

Superintendent L. D. Hopkins left for St. Louis last night. The "Katy" shop employees at Denison have been put on nine hours' work a day to reduce expenses.

General Manager Frey is still reducing expenses on the Santa Fe by cutting down the force of employees wherever it is possible.

General Yardmaster Fleming, of the M., K. & T., will remove his family from Sedalia to this city the first of next month. He is now engaged in looking for a six-room house.—*Parsons Sun*.

Superintendent L. D. Hopkins says the statement in a local paper, to the effect that the Missouri Pacific engineers who were recently discharged are to be reinstated, is all news to him. So far as he knows, there is no foundation whatever for the statement.

The statute auditor has completed the tabulation and apportionment of the valuation of the railroads of the state. The Missouri Pacific is placed at \$18,671 per mile, or a total of \$5,422,371 in the state; the M., K. & T., \$11,763, or a total of \$2,937,184; M., K. & E., \$5060, or a total of \$50,700.

George S. McKee, a former Sedalian, at which time he pulled a passenger train on the M., K. & T., arrived in the city last evening from Mattoon, Ill., where he is now located as division master mechanic for the Big Four railway. Time has dealt gently with George, who will remain for a week's visit with old-time friends.

Firemen Choose Officers.

At a meeting of Golden Eagle lodge No. 178, Brotherhood of Locomotive Firemen, last night, the following officers were elected for the ensuing year:

J. A. Leach, past master.
Sam Bowser, master.
J. Beatty, vice master.
L. B. Allspath, secretary.
W. O. Webster, financier.
John Meyers, collector.
Dr. A. B. Cole, medical examiner.

A. D. Piper, J. E. McKenzie, and Doug Nelson, trustees.
John Myers, chairman local board.

Will Neely, delegate to the national convention.

The ladies' auxiliary to the Brotherhood of Locomotive Firemen will entertain the members of the lodge at an ice cream social at their hall on the evening of the 3rd of August.

A Pointer for the M., K. & T.

Thomas R. Allen, an old engineer now in his 73d year, suggests in a late issue of the *Scientific American* a plan of protecting engineers, firemen and expressmen from train robbers, which may be feasible. His idea is to provide every locomotive with a hot steam jet, one on the engineer's side and one on the fireman's side, with elastic pipes, capable of being pointed in any direction, so that when a masked man puts in an appearance they could scald his eyes out with steam before he could draw a gun. Similar pipes could be conducted into the express car for the same purpose.

Begged for Mercy.

The charges against Grand Chief Ramsey, and ex-Grand Chief Thurston, of the Order of Railway Telegraphers, have been known for some time and were to be brought before the international convention at Toronto, but Ramsey secured immunity by begging the committee having the matter in charge to spare him, on the ground that he was about to be married.

"Society" in Parsons.

The M., K. & T. boys who recently removed from Parsons to St. Louis will read the following from the *Parsons Sun* with interest, most likely: "The chippies are getting too numerous. They are not content with playing their vocation in the very heart of the city, but they must get out in buggies and carriages and make a 'holy show of themselves.'"

Employees Rewarded.

Frank Roberts, engineer; James A. Peebles, fireman, and Calvin C. Allen, who formed a part of the crew of the Kansas City, St. Joseph and Council Bluffs train upon which an attempt was made to hold up at Council Bluffs on the night of June 16, were yesterday rewarded by the railroad company for their fidelity. Each was presented with a handsome gold watch.

Wanted.

Two unfurnished rooms, with board, or the rooms within short distance of good boarding house. Will probably occupy for one year, by young married couple. Address "H.," *Democrat* office.

A Broken Arm.

Deputy Constable Billy Drake had one of the small bones in his left arm broken last evening by be-

ing thrown from a cart in a runaway accident. "Tude" Wright, a colored boy, was driving a horse to the cart, when the animal became uncontrollable. Drake ran to the boy's assistance and climbed into the cart, when the steed ran away, throwing both man and boy to the ground. In addition to Drake's injuries, Wright was bruised, the horse was scratched and the cart was partially demolished.

CHOSEN BY THE COUNCIL.

Election of Officers Last Night—Other Business.

At a meeting of Sedalia Industrial Council, last night, the following officers were chosen:

Recording financial secretary—Tony B. Honkomp, Cigarmakers' union.

Correspondent secretary—Lou H. Kahrs, Boilermakers' union.

Treasurer—George W. Eades, Blacksmiths' union.

Statistician—G. B. Boswell, Clerks' union.

Sergeant-at-Arms—L. D. Dunn, Blacksmiths' Helpers' union.

Trustees—J. Mullens, Tailors' union; M. Whitehead, Typographical union, and Dan Sweeney, Blacksmiths' Helpers' union.

A committee of three was named to nominate the standing committees—legislative, organization, arbitration and publication.

A letter was read from Henry D. Thurber, private secretary to President Cleveland, acknowledging the receipt of the protest of the industrial council against the appointment of George W. Edwards as public printer. The protest, Mr. Thurber said, had been referred.

The delegates from the organizations composing the council reported the condition of trade only fairly good.

A committee was appointed to draft a memorial to congress to accompany the petition against the repeal of the Sherman silver law until congress had passed and the president had signed a bill providing for the free and unlimited coinage of silver and the full remonetization of the silver dollar.

E. T. Behrens, formerly of the publication called *Truth*, announced his intention to begin, in a couple of weeks, the publication of a paper in the interest of organized labor, and the council endorsed the proposed publication as its official organ.

"Royal Ruby" Port Wine.

If you are reduced in vitality or strength by illness or any other cause, we recommend the use of this Old Port Wine, the very blood of the grape. A grand tonic for nursing mothers, and those reduced by wasting disease. It creates strength; improves the appetite, nature's own remedy, much preferable to drugs; guaranteed absolutely pure and over five years of age. Young wine ordinarily sold is not fit for use. Insist on having this standard brand, it costs no more. \$1 in quart bottles, pints 60 cts. Royal Wine Co. For sale by A. S. McGowan.

Wants His Pay.

J. W. Tripp, who has been in charge of the fair grounds for some time past, says there is no occasion for the directors suing him for possession of the property. If they will pay him the \$240 that he claims is due him he will get off of, and away from, the grounds in short order.

World's Fair Rates

Via the Missouri Pacific Ry. Pullman Palace Sleeping car for St. Louis, open at 8:30 p. m. daily. Berths reserved at any time. Chicago and return \$18.90. St. Louis and return \$9.05. Tickets good for return until November 15th, 1893. Any information desired given by

NEW HISTORY UNEARTHED.

Interesting Discoveries Made in the Vatican to Be Disclosed.

CHICAGO, ILL., July 26.—At the Geographical congress which will meet in the memorial art Palace Thursday and Friday a number of historical papers will be read concerning the discovery of America.

Some of the facts to be disclosed will be a surprise to modern historians, as they have been buried in the archives of the Vatican at Rome for centuries. Among the papers to be read is one by W. E. Curtis.

For many years it has been contended that the Vatican contained evidence to prove that the Norsemen discovered America before Columbus and many attempts have been made to examine the papers. They were not examined, however until last fall, when Mr. Curtis in the interest of the exposition requested of the pope the privilege of seeing the documents.

The pope ordered an investigation and J. C. Haywood, an American scholar in Rome, represented the United States department in the matter. Over 1,400 documents were examined. These documents did not prove the assertion of the Scandinavian scholars that the voyage of Lief Erickson was known to Columbus, but they did prove that a Catholic bishop resided in Greenland all the time, and that he reported to the pope that there were unexplored regions south of Greenland that were peopled by savages.

\$100.00 IN CASH PREMIUMS.

Don't forget to take a loaf of bread in doing you help out a noble enterprise, the Charity hospital fund. Every dime helps to swell the Charity hospital fund. If you have not a kindly feeling toward the No. 8 flour you can use any flour that you wish. However, none other than the No. 8 can compete for the prizes, and must be so stated on the day of delivery.

Every one that has a drop of the milk of human kindness coursing through their veins should not forget the hospital fund and send us a loaf of bread.

Yours very respectfully,
B. S. REMBAUGH.

Police Court.

In the police court, this morning, Charles Linderman and H. F. Schneider were fined \$5 each for intoxication; while four tramps were fined \$1 each for trespass and given thirty minutes to get out of town.

Official Council Proceedings.

COUNCIL CHAMBER, JULY 3, 1893.

Stevens presiding.

Present, Councilmen Dean, Deckman, Hansberger, Honkomp, Looney and McKenzie. Absent, Anderson and Olmsted.

On motion of Looney duly seconded and carried, the reading of the minutes were dispensed with.

On motion of Looney duly seconded and carried the bids for the paving of Third street from Hancock avenue to Engineer street were opened and read. Hurley and White proposed to do the work according to specifications for \$84 per square yard, provided they can secure a roller at reasonable figures.

On motion of McKenzie duly seconded and carried the contract of paving the above mentioned street were awarded to Hurley and White, they being the lowest and best bidders.

On motion of Looney duly seconded and carried the bids for the paving of the alley running east and west through blocks 4 and 5 of Smith and Martin's first addition were opened and read as follows: Simpson and Meier proposed to pave said alley according to specifications for \$1.42 per square yard. On motion of McKenzie duly seconded and carried the contract for the paving of said alley was awarded to Simpson and Meier as being the lowest and best bidders.

On motion of Dean duly seconded and carried the bids on daily balances of the city funds were opened and read as follows: First National bank proposes to give 4 and 5-8 per cent per annum. Sedalia National bank proposed to give 4 and 1-8 per cent per annum. On motion of Dean duly seconded and carried the bid of the First National bank be accepted. Ayes: Dean, Hansberger and Looney. Nays: Deckman, Honkomp and McKenzie. Absent Anderson and Olmsted.

Motion lost.

On motion of Honkomp duly seconded and carried the bids for city funds be laid over until next meeting. Ayes: Deckman, Honkomp and McKenzie. Nays: Dean, Hansberger and Looney. Absent, Anderson and Olmsted.

On motion of Dean duly seconded and carried the bills amounting to \$256.56 were allowed and warrants ordered issued.

On motion of Honkomp duly seconded and carried council adjourned to meet July 6, 1893.

ED HOUGH,
City Clerk.

Official Council Proceedings.

SEDALIA, MO., COUNCIL CHAMBER, June 26, 1893.

Council met pursuant to a written call issued by Acting Mayor Honkomp. Present, Councilmen Anderson, Deckman, Hansberger, Honkomp, Looney and Olmsted. Absent, Dean and McKenzie. Acting Mayor Honkomp presiding.

The call was read as follows: To Mr. R. Anderson, George C. Deckman, R. F. Dean, W. F. Hansberger, E. L. Looney, Daniel McKenzie and R. M. Olmsted.

Members of the city council of the city of Sedalia, Missouri: You and each of you are hereby notified that there will be held at the council chamber at 7:30 o'clock p. m., June 26, 1893, a special meeting of the city council for the purpose of receiving, approving and accepting the work of paving the alley running north and south through block 45 of the original plat of Sedalia, Missouri, done under contract with Simpson and Meier, the same having been reported by the city engineer as being completed according to contract. And you and each of you are notified to be in attendance at said meeting at the time and place above mentioned.

The report of the city engineer was read as follows:

To the honorable mayor and members of the city council of the city of Sedalia. I would respectfully report that I have examined the paving done in alley running north and south through block 45 original town, and I find same done according to specifications and contract. The contract was awarded to Simpson and Meier at \$1.29 per square, or superficial yard, total square yards 366.13 at \$1.29 equal to \$472.30.

Respectfully submitted,

C. H. ZOLL,
City Engineer.

On motion of Anderson duly seconded and carried the report of the city engineer was received and placed on file.

On motion of Anderson duly seconded and carried the work was accepted and tax bills ordered issued in favor of Simpson and Meier.

On motion of Anderson duly seconded and carried the council adjourned.

ED HOUGH,
City Clerk.

Notice to Sewer Contractors.

Notice is hereby given that the city council of Sedalia, Mo. will receive and consider bids or proposals for the construction of a sewer in block 41 Smith and Martin's second addition to the City of Sedalia, Mo., as provided by an ordinance entitled "an ordinance providing for the establishment of a sewer district, and the construction of a sewer therein to be known as District Sewer number nine."

Passed July 20th, 1893, and approved July 20th, 1893.

All bids shall be based on the specifications and conform to the provisions and requirements of said ordinance, and shall be filed in the office of the city clerk not later than 5 o'clock p. m. on the 7th day of August, 1893, and shall be sealed. The city council reserves the right to reject any and all bids.

M. R. ANDERSON,
R. F. DEAN,
E. L. LOONEY,

Committee on Sewers.

Notice to Paving Contractors.

Notice is hereby given that the city council of the city of Sedalia, Missouri, will receive and consider bids or proposals for the macadamizing of Third street from the east line of Hancock avenue to the west line of Engineer street as provided by an ordinance entitled "An ordinance to amend an ordinance entitled 'An ordinance providing for the macadamizing of Third street from the east line of Hancock avenue to the west line of Engineer street,' passed May 9th, 1893, and approved, May 9th, 1893, by repealing section one of said ordinance and enacting a new section in lieu thereof," passed June 10th, 1893, and approved June 20th, 1893.

All bids shall be based on the specifications and conform to the provisions and requirements of said ordinance and the ordinance of which it is amendatory and shall be filed in the office of the city clerk not later than 5 o'clock p. m. on the 27th day of July, 1893, and shall be sealed.

City council reserves the right to reject any and all bids.
